Exam cannot be cancelled once registered. Exam cannot be postponed after registration. Fees will not be refunded on absence or no show.

If i fail in any exam will i get discount again ?

No, 25% discount is only for once for enrolled subject and for limited time only as per Oracle University rule. Exam discounts are not transferable and non cashable.

Can i take exam at any other center?

Given exam discount is applicable only if candidate take exam at ITS center. Exam discount facility is a part of OCP training program and hence cannot be facilitate separately. If candidate take exam at any other center after taking training with ITS, he will not be offered discount.

Oracle DBA, Oracle Developer, Java, Android, SQL Server, Linux, C, C++, MySQL PHP, HTML, CSS, Java Script, MySQL DBA, Postgresql DBA, ASP.Net

Exam Passing Guarantee ?

We do not assure any such guarantee. We emphasis on quality training, not just passing an exam. Training at our center is just unique. Some centers offer passing guarantee orally but they do not train candidate properly. They emphasis on exam passing and playing with career of candidate. Please note that just by reading dumps and passing exam will not help you in technical interview. Our technical team will show right path to every candidate to achieve OCA-OCP credential.

Exam verification online ? Where can i see records of my exams ?

Where do I see my exam results?

You can view your exam results by going to certview.oracle.com, authenticating the account (if you have not already authenticated) and selecting the 'See My New Exam Results Now' option. You will need the Oracle Testing ID and email address from your profile at pearsonvue.com/oracle to authenticate the CertView account.

I am unable to login to my CertView account.

More often than not, this is because you are not using the correct information to authenticate the account. You should go to pearsonvue.com/oracle and enter the email address and Oracle Testing ID exactly as it is in the profile at Pearson VUE. If there have been changes in the Pearson VUE account and less than one hour has passed, you should try again after one hour has passed. If you continue to have trouble, we suggest you go ahead and let the authentication fail 3 times and the account will be sent for manual processing. This should take 24 – 72 hours.

I am trying to login to my CertView account but my account got locked.

The most likely thing that happened here is that you have already authenticated CertView with the email address and a different Oracle Testing ID.

If you have 2 IDs, you should contact pearsonvue.com/oracle/idmerge to get the IDs merged. You could contact Oracle Certification Support for assistance with this issue, if you know that you do not have 2 IDs.

I have not received email notification of my exam results and more than 30 minutes have passed since my exam.

This is most likely because you are checking a different email address from the one your Pearson VUE profile. Check the email address in your Pearson VUE profile.

If you still have not received the email and it has been more than 30 minutes, you can login on CertView and select the 'See My New Exam Results Now' link.

I am not able to print my old score reports.

Score reports for exams taken before September 1, 2009 are no longer available.14) Payment details :

By Cash/ Cheque /NEFT in favor of ITS Data-Solutions Pvt Ltd. Fees paid for training is non refundable and non transferable after 7 days before commencement date.

Oracle DBA, Oracle Developer, Java, Android, SQL Server, Linux, C, C++, MySQL PHP, HTML, CSS, Java Script, MySQL DBA, Postgresql DBA, ASP.Net

15) Job Assurance :

Read placement page on our website.

16) What should i do ? Oracle DBA or SQL Server DBA ?

One should think of to become DBA not just Oracle DBA or SQL Server DBA. Check opportunity available locally and target that learning first. Oracle has approximately 43% enterprise database market share and SQL server has 20%. If you know both the subjects you will have more market share opportunity wise. So be DBA not just Oracle DBA or SQL server DBA or My SQL DBA or DB2 DBA. Once you become experience in particular database you can ignore other database.

17) I am Oracle DBA. Can i say yes to SQL Server DBA jobs ?

DBA exposure whether Oracle or any other database are very helpful in building DBA career. Student should not ignore SQL server DBA jobs opportunity before they come across Oracle DBA job.

18) Which companies are using Oracle in India ? So i can apply for Oracle jobs as fresher.

No such list is available anywhere. Do not think of throwing resume everywhere without knowing requirements. Better understand following job roles where you can apply your Oracle Knowledge.

- Database Administrator – DBAs

- Data Warehouse / Business Intelligence

- Application Developers

- Support Engineers

- Web Developers

- System Integrators

- Consultants

- Implementation Specialists

- Trainers

Oracle DBA, Oracle Developer, Java, Android, SQL Server, Linux, C, C++, MySQL PHP, HTML, CSS, Java Script, MySql DBA, Postgresql DBA, ASP.Net

- Business Analyst/ Database Analysts
- Applications Specialists
- Oracle Partners, Resellers
- Enterprise Solution Developers
- Java Programmers
- Web Server Administrators
- MIS jobs which requires SQL , OS and Office tools

19) Oracle DBA or Developer ? Which is better to start ?

Both careers are good if you have right knowledge. If you are looking for first job with early break target SQL and Pl/sql learning first. If you need to meet your finance first, better start with above two subjects and then choose DBA or Developer depends on your interest. Check your interest whether you like programming then choose developer career else DBA. Without justifying your interest you will not be able to sustain longer in a job or field what you are planning to jump into. To support yourself financially you have to start with whatever opportunity you come across and invest in interested career and then jump to your desire job.

20) Refund / Cancellation Policies (By written / email request only from registered email id- No oral request)
